Ford Transit Van - Hong Kong Police

Corgi Classics

Size: 1:43 Scale

The Police Ford Transit Van is manufactured by Britain's Ford Motor Company with a front 2000 c.c. engine of modern MPV concept and is capable of giving a torque of 17.3 kgm under a speed of 2700 rpm. Gross weight can be up to a maximum of 12 passengers, hence a very economical vehicle for police forces.

The Police 'Transit' Van is equipped with 3-point seat belts and head restraints, flashing lights with a high/low swithc and no moving parts, front mounted sirens, reversing sensor and other equipment. All come with air-conditioning, power steering and four-wheel anti-lock braking. The most striking feature of the Police 'Trasit' van is the highly-reflective and resistant tapes of the 'Diamond Grade' adhered on body sides.

Corgi Classics is the leading name in collectable die-cast, producing many quality, attention to detail, models. [Range Home Page..](#)
